

## Claims Preparation

### Tower 101, Taiwan

#### **PROJECT**

Construction project for Tower 101 in Taiwan. For some time after its construction, Tower 101 was the tallest building in the world.

#### **QUALSURV INVOLVEMENT**

Commissioned by the principal contractor QualSurv's consultants prepared claims entitlements in relation to a variety of matters including design changes and delays.

Our involvement required us to research and assess the issues, before drawing up a reasonable claims entitlement for the contractor to take to the negotiating table.
