

Construction Management

A550 Deeside Park Interchange

PROJECT

This £12m Design & Construct highway project for the Welsh Office consisted of the construction of a grade separated interchange over the existing A550 trunk road together with the construction of a dual carriageway link to the Deeside Bridge crossing.

QUALSURV INVOLVEMENT

QualSurv staff were responsible for the management of this lump sum contract, which included detailed design and statutory undertakers diversionary works.
